

Easy-start Syphon Pump

When syphoning liquids from one container to another, particularly toxic or unpleasant ones, the difficult part is generating the suction necessary to start the flow. This simple, lightweight hand-operated pump will do the job for you in seconds, with no batteries, and deliver up to 12 litres per minute. It's suitable for water, fuel, paraffin, cleaning products, and chemicals (except corrosive chemicals). The rigid inlet pipe, which can be poked through narrow hatches and fuel cans, is 40cm long and the flexible outlet is 60cm long.

3279 Easy-start Syphon Pump.

The Foghorn That Never Runs Out

Besides being louder than most of its competitors, EcoBlast is powered entirely by compressed air, meaning that it never needs refills and is 100% environmentally friendly. The cylinder can be recharged either by using the mini hand pump supplied, or a tyre inflation compressor. 20cm tall, horn length 16cm.

3119 EcoBlast Foghorn.

Handy, Lightweight, Battery-powered Pumps

Perfect for emptying out those last dregs in the bilge, transferring fuel, or emptying water tanks or aquariums, these battery-powered lightweight portable pumps have solid 45cm intake pipes that can be poked into awkward spaces, through narrow inspection hatches, or into Jerry cans. Both are suitable for use with: water, petrol, paraffin, diesel, cleaning products, and light oils. Requires 2xD batteries (not included).

Standard Version

- Pumps 10-litres per minute
- 80cm outlet hose
- No filter

3285 Battery-operated Handy Pump.

Best Seller!

Upgraded Version
