New!

Quick-cycle Power Switch

Included

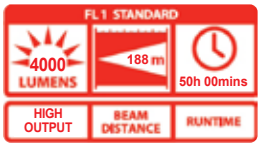

Coast XP20R

The XP20R offers an incredible 4,000 lumens in turbo mode, as well as 4 lower brightness levels that go down to the 60 lumens 'moon glow' mode for comfortable reading. Like others in the XP series, it's rechargeable and can use 3xAAA batteries in an emergency. A simple slide focuses the pure white beam from spot to flood. And if that's not enough, you also get a battery life indicator and a power-out option to charge your phone and other devices. 19cm long.

Power iQ real-time display – no more guesswork

Not only are these the brightest torches we've seen from Coast (up to an astonishing 15,000 lumens!), their new *Power iQ* system shows you exactly how much life is left in your batteries – displayed on the OLED screen in hours and minutes. You will also clearly see which power mode you're using, so there will be no more guesswork or simply keeping your fingers crossed that your torch will last. Both *Power iQ* torches are rechargeable or can be powered by AA/AAA batteries if necessary. They offer slide focusing, five power modes, including 'moon glow' for comfortable reading, and can be used to charge other devices via their power-out socket. IP54-rated water/dust resistance.

5466 Coast XP40R *Power iQ* Torch. 3,800 lumens (8,000 lumens on turbo mode). 15hr run time. 27cm.

5467 Coast XP80R *Power iQ* Torch. 7,300 lumens (15,000 lumens on turbo mode). 10hr run time. 31cm.
