Table pedestals

PCMS2969

Pedestal (telescopic)

Three stage, height adjustable table pedestal. Anodised aluminium.

Type	Height (mm)	Base Ø (mm)	Max. load (kg) Extended	Max. load (kg) Retracted
PCMS2969	295 - 690	228	22	102

PT68

PS68

Pedestal, removable (fixed height)

These pedestals ensure a secure connection between table and deck. The PT68 features a sturdy screw-down base but still removable, while the PS68 offers a quick-remove, countersunk base. Both allows easy table removal when space is needed. The models are compatible with standard V-Quipment table tops.

Type	Connection type	Height (mm)	Base Ø (mm)	Recessed depth (mm)	Cut out deck Ø (mm)
PT68	screwed	685	178	-	-
PS68	countersunk	685	171	50	72

PTSM2969

PTSG3269

Pedestal, removable (telescopic)

The PTSM2969 and PTSG3269 are sturdy table pedestals from the V-Quipment range, made for use on board. Built from marine-grade aluminum, they are strong, adjustable, and simple to install. These pedestals offer a reliable solution for any table setup on your boat. Extra separate bases are available.

Type	Connection type	Height (mm)	Base Ø (mm)	Recessed depth (mm)	Cut out deck Ø (mm)
PTSM2969	countersunk	290 - 690	171	85	95
PTSG3269	countersunk	320 - 690	171	85	95
PTSMBASE	countersunk	90	171	85	95
PTSGBASE	countersunk	90	171	85	95

PTG3370M

Three stage table pedestal

A marine grade hand polished and anodized table pedestal. Height adjustment is assisted by a 230N gas spring. Locked by handles.

PTG3370M

The height adjustment (assisted by a gas spring) must be locked with the handles.

Type	Height (mm)	Base Ø (mm)	Max. load (kg) Extended	Max. load (kg) Retracted
PTG3370M	335 - 700	305	102	102
